- B. This letter states that the ERO member qualification is due and provides direction on the actions needed to obtain/maintain ERO qualifications.
- C. The monthly notification will include a training schedule.
- D. Requalification should be on an annual basis with a three-month grace period.
- E. Managers of individuals who fail to maintain ERO qualifications by completing the required training within the required time should be notified.

5.2.3 ERO members should schedule and attend training in accordance with the requirements of their EP position.

- A. Use SAP to schedule for training and call EP to participate in a drill. If there are any questions call EP.
- B. Bargaining unit personnel should be scheduled by their supervision or Department Access Coordinators (DACs).
- C. Once scheduled for a class, individuals should provide one (1) week notice for class attendance cancellation.

5.2.4 Qualification guides which outline specific EP training activities for both initial and requal training are provided to ERO members when they are assigned as a member of the Emergency Response Organization (ERO) and annually thereafter. Annual Emergency Preparedness training is completed in accordance with ERO position specific qualification guides. Training methods may include classroom instruction, computer based

instruction, drill training/evaluation, individual knowledge discussions/evaluations, and are outlined in the ERO position specific Qualification Guides (QG).

- A. TABLE - 1, Emergency Plan Training/QG Matrix, outlines the ERO position specific qualification guides.
- B. Based on experience, the Manager – EP & IT, or designee, may waive qualification guide requirements. Such waivers should be noted and signed on the QG.

5.2.5 Successful completion of a classroom instruction course as part of a qualification guide is obtained by passing an evaluation with a grade of 80% or more.

- A. The evaluation may be formal written tests, oral exams, oral questions, on-the-job evaluations, observation of tasks performed or other methods to evaluate satisfactory comprehension.
- B. An individual who fails the evaluation should be given a remediation plan and second opportunity to complete the training and take another (different) evaluation.
- C. If an individual fails to pass the second evaluation, the individual's manager should be informed and the individual's manager and the Emergency Preparedness Manager should determine any additional actions to be taken.

5.2.6 Successful completion of the performance-based part of the qualification guide is based on the evaluator's judgment that the task is understood and can be or has been performed correctly. Personnel that sign a QG as an evaluator must be one of the following:

- A. An EP staff member with EP management's approval to evaluate the ERO position.
- B. An ERO member, coach or referee qualified in an equal or higher ERO position of the same general discipline.
- C. Have prior approval as a QG evaluator by the Manager – EP & IT or designee.

5.2.7 In addition to completion of ERO position specific qualification guides, ERO members are required to maintain access training qualifications based on the type and location of their ERO position. These access training requirements are considered prerequisites to being qualified as an ERO member and are outlined in EPIP-1011, Maintenance of the Emergency Response Organization. Example of access training that may be required dependent on the ERO position are:

- A. GET
- B. RWT
- C. FFD
- D. Respirator training, SCBA training, medical screening, and SCBA fit test.

NOTE

Personnel assigned to the ERO should verify their EP qualification status in SAP. Instructions on how to check your status in SAP are available on the EP Web page.

5.3 EP Staff Qualification

5.3.1 EP Staff qualification is based on the needs of the department.

- A. The EP Manager, or designee, will determine the needs.
- B. The qualification will be documented on a tracking form.

5.3.2 EP Instructor Qualification

- A. The Emergency Preparedness Supervisor or designee should verify the Subject Matter Expert's knowledge and instructional skills prior to conducting EP training.
- B. This expertise may be obtained through prior experience in EP or by participation in drills and exercises.
- C. Familiarity with related technical material is also required to attain this competency.
- D. All EP Instructors will maintain current instructor qualification in accordance with Nuclear Training Guidelines.
- E. When presenting materials for Operators the EP Instructor will be an Adjunct Instructor or a fully Qualified Instructor, otherwise a Qualified Instructor must observe the presentation.

5.4 Training Material Content

NOTE

The EP Overview Training Course is a subset of all EP Qualification Guides (QG) and may be completed by self study of a hard copy handout or by using, "EP Overview Computer Based Training (CBT)".

5.4.1 The basic contents of EP Training course modules are as listed in Table – 2 Emergency Preparedness Course Content Description.

5.4.2 Table 1, Emergency Plan Training/QG Matrix, defines which qualification guide is assigned to each ERO member. EP qualification guides are maintained by the EP Technical Analyst – Training and are available for review in the EP work area.

5.5 Training Material Development

5.5.1 The EP Group will develop lesson plans in accordance with the guidelines from the Nuclear Training Department requirements.

- A. Instructional objectives are created based on a Job Task Analysis and should dictate the content of all lesson plans.
- B. Class handouts may be developed to support the objectives in the lesson plans.

5.5.2 Each lesson plan is reviewed for technical accuracy and approved by the Emergency Preparedness Supervisor or designee.

- A. Technical review and approval should not be by the author of the document.
- B. The review and approval process for each lesson plan should be documented on a standard cover sheet used by the Nuclear Training Department.

5.5.3 Lesson plan(s) may be combined for individuals requiring training on more than one training course.

5.5.4 The EP Group will develop an evaluation method for the training courses offered.

- A. Written tests shall be revised periodically to ensure the material is current and not compromised.
- B. All tests should be maintained as not to compromise their contents.

- C. Tests should be kept securely stored to prevent unauthorized access except when in use. Tests should be protected by password when stored on computers.

5.5.5 Qualification Guides (QG) should be developed in accordance with the guidelines for a systematic approach to training by an instructor qualified per PSEG NTC criteria.

5.6 **Training Records**

5.6.1 All EP Trainers will submit all records of training to the records group at the Nuclear Training Department.

- B. A remediation plan for course failures.
- C. Marked up copies of lesson materials if entire course was not presented.
- D. Completed qualification guides

5.6.4 Immediate course feedback should be provided for all training activities.

- A. Completed forms should be reviewed for training enhancements.
- B. Completed comment forms should be forwarded to the Nuclear Training Department (NTD) in accordance with NTD procedures.
