GSA Administrator

VIA FACSIMILE

January 30, 2002

The Honorable Richard A. Meserve  
Chairman  
Nuclear Regulatory Commission  
Washington, DC 20555

Dear Mr. Chairman:

In a letter to me dated January 25, 2002 (copy enclosed), Mitchell E. Daniels, Jr., Director of the Office of Management and Budget, Executive Office of the President, noted press reports of possible irregularities in work done by the accounting firm of Arthur Andersen, LLP, and Enron Corporation. Both firms currently hold government contracts and provide services to several federal agencies. As Mr. Daniels further noted, Federal Acquisition Regulations require that firms seeking to do business with the government must have a satisfactory record of business ethics and integrity. The OMB Director asked GSA, on behalf of all federal agencies doing business with Arthur Andersen and Enron, to "determine whether their business practices are sufficient to meet the responsibility requirement for the award of future contracts." He added: "Consideration should be given to the initiation of suspension or debarment proceedings for all, or a part, of Arthur Andersen and Enron, as appropriate."

GSA has begun the task of compiling information to determine the present responsibility of these two companies. Should the information indicate the companies are not presently responsible, GSA will initiate suspension or debarment proceedings. Suspension and debarment, as you may know, are sanctions used to protect the government's interests by excluding nonresponsible contractors from future government contracts. Because of the serious nature of suspension and debarment, GSA must gather information and conduct an investigation into the companies' activities and corporate behavior.

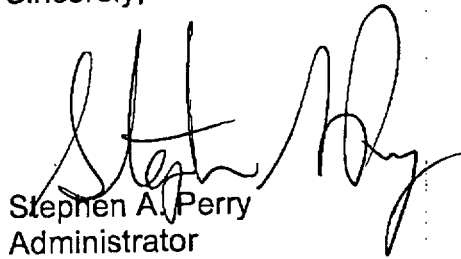

Accordingly, I would like you to provide GSA with a listing of all contracts your agency has with Arthur Andersen and Enron. At this point we seek only basic information on these contracts: (1) contract number, (2) contract name, e.g., if it is known by a project name, (3) date of award, (4) description of the goods or services provided, (5) estimated value of the contract, (6) name and telephone number of the administrative contracting officer, (7) whether or not any performance problems have arisen, and (8) whether you have any basis for concern about the completion of the contract. Lastly, indicate whether your agency has any imminent contract awards to either firm.

- 2 -

Since we intend to address this project expeditiously, we would appreciate receiving information from you by February 8, 2002. If you send your information in hardcopy, please furnish it to Raymond J. McKenna, General Counsel, GSA, Room 4140, 1800 F Street, NW, Washington, DC 20405 (or fax to 202-501-2509). If you are sending information electronically, please forward it to Mr. McKenna at [raymond.mckenna@gsa.gov](mailto:raymond.mckenna@gsa.gov). If you have any questions, contact Mike Ettner at 202-501-0727 or [mike.ettner@gsa.gov](mailto:mike.ettner@gsa.gov).

Sincerely,

Stephen A. Perry  
Administrator

Enclosure (OMB letter to GSA)

EXECUTIVE OFFICE OF THE PRESIDENT  
OFFICE OF MANAGEMENT AND BUDGET  
WASHINGTON, D.C. 20503

January 25, 2002

THE DIRECTOR

The Honorable Stephen Perry  
Administrator  
General Services Administration  
Washington, DC 20405

Dear Mr. Perry:

Recent press reports have highlighted potential irregularities in work done by the accounting firm of Arthur Andersen, LLP, and the Enron Corporation ("Enron"). Some of these allegations are serious in nature and include charges of document shredding, manipulative accounting practices, and other activities that could reflect poorly on these corporate entities and their ability to provide quality work. Information obtained from the Federal Procurement Data System (FPDS) indicates that numerous federal agencies have contracts with Arthur Andersen and Enron. The FPDS data also reveals that, through the third quarter of fiscal year 2001, the General Services Administration had significant contract activity with Arthur Andersen and Enron.

As you know, Federal Acquisition Regulation (FAR) provisions require that firms seeking to do business with the government have a satisfactory record of business ethics and integrity. Accordingly, we request that the General Services Administration, on behalf of all federal agencies doing business with Arthur Andersen and Enron, determine whether their business practices are sufficient to meet the FAR responsibility requirements for the award of future government contracts. Consideration should be given to the initiation of suspension or debarment proceedings for all, or a part, of Arthur Andersen and Enron as appropriate.

Enclosed is a summary of contracts awarded to Arthur Andersen and Enron by federal agencies through the third quarter of FY 2001. A copy of this letter is being provided to agencies with Arthur Andersen and Enron contracts. These agencies should ensure that existing contracts with Arthur Andersen and Enron are being performed in accordance with contract terms and proper business practices.

Your attention to this matter is appreciated.

Sincerely,

Mitchell E. Daniels, Jr.  
Director
