Docket Nos. 50-255, 50-263, 50-266, 50-282, 50-301, 50-305, 50-306, and 50-331

RESPONSE TO REGULATORY ISSUE SUMMARY 2001-21
LICENSING ACTION ESTIMATES FOR OPERATING REACTORS

The Nuclear Regulatory Commission, in the subject regulatory issue summary dated November 16, 2001, requested licensees voluntarily provide an estimate of the number of licensing requests that they plan to submit for NRR review in Fiscal Years (FY) 2002 and 2003.

Nuclear Management Company, LLC (NMC), operator of Duane Arnold Energy Center, Kewaunee Nuclear Power Plant, Monticello Nuclear Generating Plant, Palisades Nuclear Power Plant, Point Beach Nuclear Power Plant and Prairie Island Nuclear Generating Plant, anticipates the licensing actions described in Attachments A through F will be submitted during the next two fiscal years. Please contact Leonard Sueper, (715) 377-3352, with questions concerning the information provided in this response.

Sincerely,

Edward J. Weinkam
Director, Regulatory Services
