

EXCERPT FROM
MINUTES OF 229TH ACRS MEETING
MAY 10-12, 1979

IV. Meeting on Oyster Creek Transient Resulting in Low Core Water Level
(Open to Public)

[Note: Thomas G. McCreless was the Designated Federal Employee for this portion of the meeting.]

E. Jordan, NRC Staff, discussed a transient occurring on May 2, 1979, at the Oyster Creek Nuclear Power Plant, that resulted in a low core water level (see Appendix XXV).
