John Hickey
Chief Material Safety and Inspection Branch
US Nuclear Regulatory Commission
Mail Stop: T-8F5
Washington DC, 20555-0001

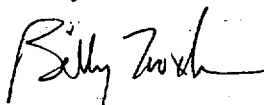

Dear Mr. Hickey:

Thank you for meeting with us last week to discuss the application that we are going to file for our CoreReader test instrument. We understand that our request is somewhat out of the ordinary, which is why we felt that a meeting would allow you a general understanding of the product and it's use, and give the opportunity to ask any questions that may come to mind. I hope the ensuing discussion with your team has put this application in a favorable light. If during the course of review you have additional questions, please feel free to contact me.

I was impressed with your people and was honored that so many of your team were able to give us the time to discuss our application in advance. Thank you again for receiving us.

With best regards, I remain

Sincerely Yours,

William F. Troxler, Jr.
President & Chairman
