Subject: Modification No. 1 to Task Order No. 9 Under Contract NRC-02-98-002

Dear Dr. Patrick:

This modification decreases the ceiling amount of the task order to provide for only the costs associated with the performance of phase 1 of the task order. It is noted that phases 2 and 3 were priced into the original ceiling, but work under those phases was never authorized by the Contracting Officer or performed by the contractor.

This modification decreases the cost ceiling of this task order by \$67,597.45 from \$143,228 to \$75,630.55. This is a result of deleting the estimated cost of the two optional phases which were not performed. Of this amount \$69,230.55 represents the total estimated reimbursable costs including the cost of facility capital, and the amount of \$6,400 represents the fixed fee.

This modification also deobligates excess funds of \$4,369.45, thus reducing the obligated amount to \$75,630.55, the amount of the new ceiling of this task order.

Accounting data for this task order modification is as follows:

B&R No.: 05-015-305-105
Job Code: J5220
BOC: 252A
Approp.: 31X0200.060
FFS Number: 5002R032
Deobligate: \$4,369.45

All other terms and conditions of this task order remain the same.

A summary of obligations under this contract, from date of award through this modification, is given below:

Total FY00 obligations:	\$80,000
Total FY02 deobligations:	4,369.45
Cumulative total of NRC obligations	\$75,630.55

Please indicate your acceptance of Modification No. 1 to Task Order No. 9 by having an official authorized to bind your organization, execute three (3) copies of this document in
