REMARKS: IMC 0801 (Reactor Oversight Process Feedback Program) has been revised to reflect significant changes in the agency's oversight process and associated programs that have occurred since its last issuance on 01/01/83. This revision captures the feedback process associated with implementing the Reactor Oversight Process. It also describes in detail the feedback process and the role of those individuals with responsibility for reviewing and closing out feedback issues. This IMC includes an attachment that will be used to document feedback concerns.
