BRUNSWICK STEAM ELECTRIC PLANT, UNIT NOS. 1 AND 2
DOCKET NOS. 50-325 AND 50-324/LICENSE NOS. DPR-71 AND DPR-62
TWENTY-DAY RESPONSE TO ORDER FOR INTERIM SAFEGUARDS AND
SECURITY COMPENSATORY MEASURES FOR – BRUNSWICK STEAM ELECTRIC
PLANT UNITS 1 & 2

Ladies and Gentlemen:

On February 25, 2002, the NRC issued a letter Subject: "Issuance of Order for Interim Safeguards and Security Compensatory Measures for – Brunswick Steam Electric Plant Units 1 & 2." In the enclosed order, Section III, B.1, the NRC requires that, within 20 days, Carolina Power & Light (CP&L) Company's Brunswick Steam Electric Plant (BSEP) notify the NRC, (1) if CP&L is unable to comply with any of the requirements described in Attachment 2 of the order, (2) if compliance with any of the requirements is unnecessary in BSEP's specific circumstances, or (3) if implementation of any of the requirements would cause CP&L to be in violation of any NRC regulation or the facility license. None of the above three listed conditions applies to CP&L at BSEP.

Section III, B.2 of the order requires CP&L to notify the NRC within 20 days if implementation of any of the requirements of Attachment 2 would adversely impact safe operation of the facility. Implementation of these requirements will not adversely impact safe operation of BSEP.

Section III, C.1 of the order requires CP&L, within 20 days, to submit to the NRC a schedule for achieving compliance with each requirement described in Attachment 2. The schedule for BSEP, Units 1 and 2, is contained in the enclosure to this letter. The dates for achieving compliance with requirements not yet met are considered to be regulatory commitments. Please refer any questions regarding this submittal to Mr. David C. DiCello, Manager - Regulatory Affairs, at (910) 457-2235.

NOTICE: The Enclosure to this letter (Schedule for Achieving Compliance) contains "Safeguards Information." Upon separation from the Enclosure, this letter is "DECONTROLLED."
