**Order For Interim Safeguards and Security Compensatory Measures  
Joseph M. Farley Nuclear Plant, Units 1 & 2  
Licensee Response Pursuant to Sections III.B and III.C.**

Dear Ladies and Gentlemen:

By letter dated February 25, 2002, Southern Nuclear Operating Company (SNC) received the subject Order for Interim Safeguards and Security Compensatory Measures. SNC recognizes the modifications that Order Sections III.B. and III.C. have made to the Facility Operating Licenses NPF-2 and NPF-8 for the Farley Nuclear Plant (FNP). In accordance with the Order and 10 CFR 50.4, SNC is submitting herein its Response to the Order for FNP within the requisite twenty days<sup>1</sup>. As reflected in the enclosed response, the twenty days allotted for the response required by Sections III.B. and III.C. of the Order have not been adequate for the completion of all the evaluation and analysis necessary for SNC to fully address all of the issues requiring a response. In accordance with the authority of the Director, NRR to "relax or rescind any of the ...conditions" set forth in Section III of the Order upon a showing of good cause, SNC requests permission to supplement its response as appropriate upon completion of these evaluations and analyses.

---

<sup>1</sup> Southern Nuclear Operating Company (SNC) has submitted an Answer to the Order pursuant to Section IV of the Order and 10 CFR 2.202 under separate cover. SNC's Answer is incorporated by reference in this Response. In addition, SNC has requested an extension of time in which to answer and to request a hearing relative to the Order pursuant to a letter dated March 18, 2002 from J. D. Woodard to Samuel J. Collins Director, NRR.
