SUBJECT: OYSTER CREEK NUCLEAR GENERATING STATION - ANNUAL
ASSESSMENT OF SAFETY PERFORMANCE

Dear Ms. Miller:

I would like to personally invite you and other members of your organization to observe a meeting between the Nuclear Regulatory Commission (NRC) and AmerGen Energy Company, LLC, in which the NRC staff will discuss with AmerGen our annual assessment of the safety performance of the Oyster Creek Nuclear Generating Station.

The meeting will be held at 1:00 p.m. on Thursday, April 11, 2002, Lacey Township Municipal Building, 818 W. Lacey Road in Forked River, NJ. The meeting is open to the public for observation. At the meeting, we will briefly discuss our Reactor Oversight Process and then discuss our assessment of the safety performance of Oyster Creek. Also, AmerGen will discuss pertinent aspects of its performance and future improvement plans. The NRC staff will be available following the meeting to answer questions from you and members of the public regarding the safety performance of Oyster Creek and the role of the NRC in ensuring safe plant operations.

The NRC recently completed its annual assessment of the safety performance of the Oyster Creek Nuclear Generating Station in accordance with the NRC Reactor Oversight Process. Our assessment used the most recent performance indicator data and inspection findings from April 1, 2001, through December 31, 2001. We described our assessment results in a letter to AmerGen Energy Company, LLC, on March 4, 2002; a copy of that letter is attached.

You can also become familiar with our Reactor Oversight Process, the information we used in our annual assessment, and the specific safety performance at Oyster Creek through the NRC Web site. This information may be accessed at <http://www.nrc.gov/NRR/OVERSIGHT/ASSESS.index.html>

Your schedule permitting, I look forward to meeting you on April 11, 2002. In the interim, please do not hesitate to contact me at 610 337-5146 if I can be of further assistance to you.

Sincerely,

/RA/

SUBJECT: OYSTER CREEK NUCLEAR GENERATING STATION - ANNUAL
ASSESSMENT OF SAFETY PERFORMANCE

Dear Mr. Amato:

I would like to personally invite you and other members of your organization to observe a meeting between the Nuclear Regulatory Commission (NRC) and AmerGen Energy Company, LLC, in which the NRC staff will discuss with AmerGen our annual assessment of the safety performance of the Oyster Creek Nuclear Generating Station.

The meeting will be held at 1:00 p.m. on Thursday, April 11, 2002, Lacey Township Municipal Building, 818 W. Lacey Road in Forked River, NJ. The meeting is open to the public for observation. At the meeting, we will briefly discuss our Reactor Oversight Process and then discuss our assessment of the safety performance of Oyster Creek. Also, AmerGen will discuss pertinent aspects of its performance and future improvement plans. The NRC staff will be available following the meeting to answer questions from you and members of the public regarding the safety performance of Oyster Creek and the role of the NRC in ensuring safe plant operations.

The NRC recently completed its annual assessment of the safety performance of the Oyster Creek Nuclear Generating Station in accordance with the NRC Reactor Oversight Process. Our assessment used the most recent performance indicator data and inspection findings from April 1, 2001, through December 31, 2001. We described our assessment results in a letter to AmerGen Energy Company, LLC, on March 4, 2002; a copy of that letter is attached.
