Division of Industrial and Medical Nuclear Safety  
Office of Nuclear Material Safety and Safeguards

Recordkeeping Requirements in Accordance with the Retention Periods for Records Rule: N/A

Search of the Information Requirements Control Automated System (IRCAS):  
IRCAS was searched on March 20, 2002. No duplication was found.

Abstract: 10 CFR Part 33 contains mandatory requirements for the issuance of a broad scope license authorizing the use of byproduct material. The subparts cover specific requirements for obtaining a license of broad scope. These requirements include equipment, facilities, personnel, and procedures adequate to protect health and minimize danger to life or property.
