Dear Dr. Agarwal:

This letter is in response to your letter dated March 21, 2002, to James Lieberman, former Director, Office of Enforcement, NRC. In your letter, you request clarification for your understanding that all restrictions on your involvement with NRC-licensed activities are now lifted.

The Settlement Order previously sent to you, dated January 6, 1997, states that for a period of five years from November 22, 1996, you were prohibited from being involved in or having control over NRC-licensed activities. Since the five year period has passed, there are no specific restrictions regarding your involvement in NRC-licensed activities. However, prior to involvement in NRC-licensed activities, you must ensure that all licensing requirements are met and that the possession and use of material is in accordance with all applicable regulations.

If you have any additional questions, please contact John Lubinski of my staff at (301) 415-2740.

Sincerely,
