(b) YAEC Letter to USNRC, dated June 12, 2002, BYR 2002-034.

Subject: Updated Response to NRC Security Order for Decommissioned Plants

On May 23, 2002⁽¹⁾ the NRC Staff issued an Order modifying the Yankee Nuclear Power Station's (YNPS') current license to require compliance with the interim safeguards and security compensatory measures. Yankee Atomic Electric Company (YAEC) provided its initial response to the Order in Reference (b). This letter updates that response and provides information regarding recently completed analyses performed for building structures and clarifies a topic previously discussed with NRC in July. This information is contained in the attachment to this letter.

This cover letter when separated from Attachment 1 is not Safeguards Information.

Attachment 1 to this cover letter contains Safeguards Information of a type specified in 10CFR73.21 and should be withheld from public disclosure. In accordance with 10CFR2.790, a copy of this cover letter, less enclosure, may be placed in the NRC Public Document Room.
