MR. MICHAEL LESAR

THANK YOU FOR YOUR TIME,

I am writing you to <sup>ask you</sup> extend the period for comments  
and hearings on the LES plan to build a nuclear fuel  
processing plant in Trousdale County, TN.

Please don't allow LES to limit public comment  
or participation in any way.

The local citizens here are against the plant and  
were not advised of their plans until just recently.

Please allow us to conduct hearings & comment  
periods

Thank you again for your time &  
consideration on behalf of our children  
and grand children.

Yours truly

Christopher M Johnson
