Errata to the Annual Report of the Status of Decommissioning Funding for the  
Trojan Nuclear Plant in Accordance with 10 CFR 50.75(f)(1)

Section 5, "Update of Site-Specific Decommissioning Costs," of PGE-1061, "Trojan Nuclear Plant Decommissioning Plan and License Termination Plan (PGE-1078)," was enclosed with the previously issued subject report. The copy of Table 5-2 in that enclosure was, however, copied on incorrectly sized paper resulting in obliteration of some of the data. This errata provides a replacement copy of Table 5-2.

If you have any questions regarding this correspondence, please contact Mr. Lansing G. Dusek of my staff at (503) 556-7409.

Sincerely,
