Subject: RESEND: Final action on the LS-101 and SH-300 SSD certificates

NOTE: Please disregard my email dated May 2, 2003 and respond to this email.

Mr. Schwager,

We will be sending the inactivated SSD certificates for the LS-101 and SH-300 devices to you next week. However, I noticed that you have closed down operations at the Warrington, PA address. Should I list your address on the SSD and cover letter as

Canberra Industries Inc.
(formerly Aptec-NRC, Inc.)
800 Research Parkway
Meriden, CT 06450

as indicated on the form 314, dated March 24, 2003, you submitted, or leave it as below?

Canberra Industries Inc.
(formerly Aptec-NRC, Inc.)
125 Titus Avenue
Warrington, PA 18976

If your facility in PA is completely closed, I believe I should list the CT address. However, I just wanted to confirm this.

Additionally, in paragraph 3 of your letter dated August 21, 2002, you stated that Canberra would refer questions concerning the servicing of existing devices to Berthold Systems Inc. This was based on the arrangement which has since been canceled, as confirmed by your March 13, 2003 letter. Since Berthold will not be obtaining new certificates for the devices, and, apparently, not servicing existing devices, will Canberra continue to service existing devices? This question is asked as described in Section 13.4 of NUREG-1556, Volume 3.

Please respond by e-mail or fax. Thank you.

Sincerely,
William R. Ward, P.E.
