Docket Nos. 50-369 and 50-370  
Annual Radioactive Effluent Release Report

By letter dated April 10, 2003, McGuire submitted the Annual Radioactive Effluent Release Report pursuant to the requirements of McGuire Technical Specification 5.6.3 and Selected Licensee Commitments (SLC) 16.11-17. The submittal stated that a CD copy of the 2003 Offsite Dose Calculation Manual (ODCM) was attached. Due to an administrative oversight, the CD was inadvertently omitted from that submittal. Attached is the subject CD.

Questions concerning this submittal should be directed to Kay Crane, McGuire Regulatory Compliance at (704) 875-4306.
