Paula,

NRR Inforeview has reviewed NUREG/CR-4048 and has determined that it is acceptable for public release. The NUREG contains very theoretical information and some general, functional fault trees for feedwater and safety injection. However, it does not contain sensitive information.

CID { >>> Paula Garrity 11/26/01 12:38PM >>> *CID*
Greetings,

I'm forwarding this message to you because you are currently acting for Leslie Barnett. I'd appreciate any insights that you may have to offer.

Thanks,

Paula
