In the Matter of

DOMINION NUCLEAR CONNECTICUT, INC.

(Millstone Nuclear Power Station, Unit 2)

Docket No. 50-336-OLA-2

ASLBP No. 03-808-02-OLA

May 15, 2003

ORDER

(Providing Notification of Oral Argument Location)

By Order of April 22, 2003, the Licensing Board set June 5, 2003, as the date for oral argument on the Contention of Petitioner Connecticut Coalition Against Millstone (CCAM) in this proceeding, involving a September 26, 2002, application of Dominion Nuclear Connecticut, Inc. (Dominion), to amend the operating license for Millstone Power Station, Unit No. 2, by changing certain technical specifications, based upon a re-analysis of the limiting design basis Fuel Handling Accident (FHA) using an Alternative Source Term in accordance with 10 C.F.R. § 50.67 and NRC Regulatory Guide 1.183. This application was among those included in a November 2002 NRC "Biweekly Notice" regarding "Applications and Amendments to Facility Operating Licenses Involving No Significant Hazards Considerations." 67 Fed. Reg. 68,728, 68,731 (Nov. 12, 2002). On December 12, 2002, in response to this notice and Dominion's application, CCAM and the STAR Foundation filed an "Amended Petition to Intervene and Request for Hearing." By Memorandum and Order dated February 14, 2003, LBP-03-03, this Licensing Board held that Petitioner CCAM has standing to participate in this proceeding, and on March 10, 2003, Petitioner CCAM filed its Supplemented Petition and Contention, to which answers were filed by Dominion and the NRC Staff on March 31, 2003.

The scheduled oral argument will begin at 9:00 a.m. in the Conrad/Morgan Meeting Room of the Best Western Sovereign Hotel, 9 Whitehall Avenue, in Mystic, Connecticut.

It is so ORDERED.
