Subject: Request for information, Louisiana Energy Services White Papers

This is to follow up on the Commission's response to Louisiana Energy Services' six white papers, filed last year. I understand that the Commission has completed its responses but hasn't made them public.

I'd like to request copies of the Commission's responses. If they aren't made public, please give me, in writing, the reasons why. Thanks for your help, and please e-mail me or call me at 615-259-8047 if you have any questions.

*Tim / Joe,
Please call when
you get a chance. Thanks
Kathy*
