

DOCKET NUMBER
PROPOSED RULE PR 20
(68FR 09595)

DOCKETED
USNRC

82

May 30, 2003 (3:30PM)

From: "Barbara Spring" <barbaraspring@chartermi.net>
To: <secy@nrc.gov>
Date: Fri, May 30, 2003 2:42 PM
Subject: Radioactive waste

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Radioactive waste must be handled so that it does not endanger the public. Do not recycle into consumer goods that could harm mothers, babies, children, fathers and the elderly. We do not wish to be harmed by policies in our own country. We have enough to fear from the outside with Korea and other countries developing nuclear power.
