DUKE COGEMA STONE & WEBSTER (DCS)  
(Mixed Oxide (MOX) Fuel Fabrication Facility, Construction Authorization Request)  
Docket No. 70-3098-ML

---

Dear Administrative Judges:

Pursuant to 10 C.F.R. § 2.1231, the NRC Staff is supplementing the initial hearing file submitted in December 2001. DCS counsel recently brought to the NRC Staff's attention that copies of certain documents referenced in Hearing File Items 54 and 61 had not been distributed to the Board and parties. The first set of documents attached hereto are part of Enclosure 2 (DCS' non-proprietary response to NRC Staff request for additional information # 29), as referenced in Hearing File Item 54. The NRC Staff is designating this set of documents as Hearing File Item 54A. The other enclosures referenced in Hearing File Item 54 are already part of the Hearing File.

The second set of documents attached hereto are the documents specified in Enclosure A of Hearing File Item 61. The NRC Staff is designating this set of documents as Hearing File Item 61A.

Please contact Linda Gross (301-415-8129) or the undersigned if any copying errors or similar document problems are found in Hearing File Items 54A or 61A.

Sincerely,

**/RA/**
