SUBJECT: REASON FOR -01 AND -02 LICENSES FOR CFC LOGISTICS, INC.

CFC Logistics, Inc., did not hold NRC license until they submitted application dated January 30, 2003, for an irradiator. The application was received in Region I on February 5, 2003. The applicant requested a significant part of the application to be withheld from public disclosure. Additionally, the information in the application did not conform to guidance in NUREG 1556, Volume 6. On February 13, 2003, I went to the applicant's facility in Quakertown to discuss the application with applicant's management. I explained to the applicant the deficiencies in the application and the procedure to request withholding certain information from public disclosure.

After these discussions, the licensee stated that they will withdraw the application and submit a revised application. This application was docketed in RI under docket No. 030-36220 and license No. 37-30804-01.

Region I received revised application dated February 25, 2003, that is docketed under docket No. 03036239 and License No. 37-30804-02, and control No. 132825.
