Template = SECY -067

SECY-02

Dear Sirs/MS: Please realize that there is no acceptable level of additional radiation. It is preferable to 'recapture' and properly dispose of previous as well as present and future waste. It is even more preferable to reduce and eventually eliminated nuclear waste. Thank you. In peace, Barbara Laxon Miramar, Fl. --- Barbara Laxon --- otrbarbinpeace@startrek.net --- EarthLink: The #1 provider of the Real Internet.
