Subject: nuclear waste

June 16, 2003 (2:48PM)

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Concerning your plans to use Nuclear Waste for different purposes, such as asphalt and other recycled items -- for the sake of the future of our planet, I AM TOTALLY OPPOSED. It needs to be buried completely and not spread around for public use.

A Concerned Citizen for the future of our EARTH and for my children and grandchildren.
