Re: Virgil C. Summer Nuclear Station License Renew

Dear Mr. Byrne:

Thank you for your letter of January 19, which we received on January 24, regarding the proposed license renewal for the Virgil C. Summer Nuclear Station in Fairfield County.

It has been our experience that the license renewal for the continuing operation of plants such as this one has no effect on historic properties. These operations are usually not associated with new construction or expansion of plant boundaries.

Your letter states that you have used the NRIS to compile a list of National Register properties within a six-mile radius of the Summer Station. We encourage a search of our GIS database as a source of more accurate, up-to-date information. I've enclosed a copy of the *Consultant's Guide to Survey & National Register Files, State Historic Preservation Office*.

Please call me at 896-6169 if you have questions or if I can be of further assistance.

Sincerely,

Nancy Brock, Coordinator
