Subject: Stop nuclear waste recycling

DOCKETED
USNRC

To the NRC,

June 23, 2003 (4:02PM)

You have asked for comments concerning the control of nuclear waste of various kinds.

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

I am appalled that you are even considering that nuclear wastes might be recycled, reused, or otherwise -- in any form -- allowed to come into contact with our people, our air, our soil, or our environment.

Decades of experience with nuclear waste and byproducts have shown that they are unspeakably dangerous! Please do not relax your standards or allow these wastes to be recycled or re-used, period.

It is criminal to even have thoughts of "recycling" nuclear waste.
Haven't we learned ANYTHING from the DU weapons effects on people???

Sincerely,

Eva Mesmer
