

**DOCKET NUMBER**  
**PROPOSED RULE PR 20**

**68FR09595**

1793

**From:** "Donald L. Cauble" <thispassingworld@worldnet.att.net>  
**To:** <secy@nrc.gov>  
**Date:** Thu, Jun 26, 2003 8:43 PM  
**Subject:** Radioactivity material that is not not radioactivity

Dear members of NRC:

Re: Changing the rules on what's radioactive and what is not radioactive

Would you want to bet \*your\* life and health and the life and health of your family that this material is not radioactivity by stockpiling it in your basement or attic? If so, change the rules and put some in a corner of your house. If not, then leave the rules in place.

A citizen,  
Don Cauble  
Portland, OR
