SUBJECT: SCHEDULE FOR ISSUING THE FINAL ENVIRONMENTAL IMPACT
STATEMENT FOR THE MIXED OXIDE FUEL FABRICATION FACILITY

Dear Mr. Hastings:

The purpose of this letter is to inform you of a change in the U.S. Nuclear Regulatory Commission (NRC) schedule for issuing the Final Environmental Impact Statement (FEIS) for the Mixed Oxide Fuel Fabrication Facility. NRC had previously announced an August 2003 date for issuing the FEIS. However, due to a 30 day extension in the public comment period on the Draft Environmental Impact Statement (DEIS) and the significant number of public comments received on the DEIS, NRC plans to issue the FEIS on September 30, 2003. The scheduled date for issuance of the Final Safety Evaluation Report for Construction Authorization remains September 30, 2003.

If you have any questions, please contact me at (301) 415-6522.

Sincerely,

/RA/
