Subject: Arkansas Nuclear One - Unit 2
Docket No. 50-368
License No. NPF-6
ANO-2 License Renewal Application Submittal Schedule

Dear Sir or Madam:

Entergy previously informed the NRC of plans to submit the Arkansas Nuclear One, Unit 2 (ANO-2) license renewal application (LRA) in September 2003. During recent conversations with the NRC Staff, it became apparent that a slight change in the submittal schedule would facilitate a more efficient review; therefore, the submittal of the ANO-2 LRA will be delayed until mid-October of 2003 (revised commitment). Should you have any questions concerning this submittal, please contact Natalie Mosher at (479) 858-4635.

Sincerely,

A handwritten signature in cursive script, appearing to read "Sherrie R. Cotton".
