Hello NRC,
Living in and around the landfills in Pottstown nad also Boyertown areas, I
can only say that i feel that it is time to stop this in the state of
Pennsylvania and send the trash to some other state...I understand that money talks,
but it is time we take a stand and send the trash, and pollution to another
state.

This is a short note to say "It was nice meeting you" and I look forward in
obtaining your business soon. Any referral is very much appreciated and I
always give 110%. I f any of your clients are looking to Buy or Sell, please keep
my business card beside you telephone!!! Think of me first, I look forward in
talking with you soon
Your Realtor,
