OFFICE OF SECRETARY  
RULEMAKINGS AND  
ADJUDICATIONS STAFF

June 25, '03  
Lancaster, PA

Secretary  
US Nuclear Regulatory Commission  
Washington, DC 20555-0001

Dear Secretary,

I am writing re the "scoping"  
proposal for "Controlling the Disposition  
of Solid Materials."

Whatever language you use to  
describe it, radioactive waste does  
not belong in consumer goods.

I do not want radioactive waste  
released to the environment, or to the  
marketplace. Nobody I know does.

Please! Do not do it!

Sincerely,  
Jon Rutter
