

July 24, 2003

Dr. Wade J. Richards, Chair  
ANS 15 Subcommittee on Operation  
of Research Reactors  
UCD/MNRC  
5335 Price Avenue  
Building 258  
McClellan, CA 95652

SUBJECT: NOMINATION OF PATRICK M. MADDEN TO ANS-15 SUBCOMMITTEE

Dear Dr. Richards:

I would like to nominate Mr. Patrick M. Madden as the alternate authorized NRC representative on the American Nuclear Society ANS - 15 Subcommittee on Operation of Research Reactors. Mr. Alexander Adams, Jr. continues as the authorized NRC representative. Mr. Madden is the Chief of the Research and Test Reactor Section of the New, Research and Test Reactors Program within the Division of Regulatory Improvement Programs of the Office of Nuclear Reactor Regulation of the US Nuclear Regulatory Commission and is responsible for licensing and NRC policy for research and test reactors.

In accordance with the Office of Management and Budget Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards in Conformity Assessment Activities," February 19, 1998, the participation on a committee of an NRC-authorized representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Correspondence should be addressed to:
