SUBJECT: IMPLEMENTATION OF JULY 14, 2003, SRM: PROPOSED RULE
- SECURITY REQUIREMENTS FOR PORTABLE GAUGES
CONTAINING BYPRODUCT MATERIAL

On July 14, 2003, the Commission approved the proposed rule on security requirements for portable gauges containing byproduct material as set out in SECY-03-0092. The proposed rule would amend the regulations in 10 CFR Part 30, "Rules of General Applicability to Domestic Licensing of Byproduct Material." We have followed-up with SECY and have obtained approval for not making one of the changes (SRM Item 1) required by the Staff Requirements Memorandum. All other changes have been made.

Please implement the Commission's action by arranging for publication of the attached proposed rule in the Federal Register.

Attached are the Congressional Letter package for transmittal to the Office of Congressional Affairs and the State Liaison Officer Letter package for transmittal to the Office of State and Tribal Programs. Please coordinate publication of the press release with the Office of Public Affairs. The Federal Register Notice for the Proposed Rule (ML031980153), the Environmental Assessment (ML 031070325), and the draft Regulatory Analysis (ML 031070341) are available in ADAMS and may be posted on the ruleforum website.
