References: 1. June 16, 2003 NRC Staff and PFS Meeting

As discussed at the June 16, 2003 meeting, Private Fuel Storage (PFS) is providing the NRC Staff a copy of one of its expert reports for the consequences hearing. The report concerns the Assessment of Jettisoned Ordnance Impact Effects for the Private Fuel Storage Facility. In accordance with the Staff's request at the June 16 meeting, PFS has preliminarily marked and is submitting the report as if it contains Safeguards Information in order to allow the Staff to make a determination whether parts or all of the report should be designated as containing Safeguards Information. In accordance with the modified protective order entered by Atomic Safety and Licensing Board on June 26, 2003, we are also providing copies of the report directly to lead counsel for the Staff (Sherwin Turk) and the State (Denise Chancellor) and to the members of the Licensing Board.

If you have any questions regarding this submittal, please contact me at 608-787-1236 or Mr. J. L. Donnell, Project Director, at 303-741-7009.

Sincerely,

John D. Parkyn, Chairman
