SUBJECT: REVIEW OF MAINE YANKEE'S POSITION ON 10 CFR PART 50
RECORDS RETENTION REQUIREMENTS

On July 14, 2003, NRC received a letter from Maine Yankee Atomic Power Company (Maine Yankee) (ML032040178) describing its interpretation of the 10 CFR Part 50 records retention requirements. In this letter, Maine Yankee disagrees with positions taken by the Office of the General Counsel (OGC) in its March 12, 2003, response (ML030710766) to Portland General Electric Company's (PGE's) request for an interpretation of the retention period for records required by 10 CFR Part 50, Appendices A and B (ML023520336).

As is the case with PGE, Maine Yankee would like to dispose of certain records associated with the nuclear generation unit prior to license termination. After receiving OGC's March 12, 2003, response, PGE submitted a request for partial exemption from the Part 50 records retention requirements. Maine Yankee would like a response to its interpretation of the recordkeeping requirements before requesting an exemption. Please review and respond to Maine Yankee's letter.
