Subject: Fwd: A-45 tables

John,

Attached are tables as stated below. We mean to transmit these to you by letter.

FYI, Colleen is the NUREG/CR expert and keeper of official electronic files. If the rest of us were unreachable for some reason and you had some item that suddenly had to be altered in the document (a not unprecedented thing), Colleen would be the one to reach, and her contact info is below. She is used to this.
