John:

**Reference:** Oyster Creek submittals dated 8/1/02 and 6/23/03

Our contractor has the following questions on Relief Request OC-02-01:

- 1) Please confirm that you will continue to perform all volumetric examinations required by ASME XI, BWRVIP, or any other augmented program at Oyster Creek for the subject piping systems.
- 2) Confirm that Relief Request OC-02-01 pertains to B-J, Item B9.10 and C-F-1, Item C5.10 only.
- 3) Will you commit to performing a visual VT-1 on the OD surface of these piping welds at the time of the scheduled volumetric examinations?

Please call my backup, Tim Colburn (301-415-1402) to set up a conference call with our reviewer George Georgiev and contractor Mike Anderson during the week of 8/24/03. I apologize for the urgency, but we believe these questions are of a clarifying nature, and we must complete this review and issue the reliefs before 9/1/03.

**This e-mail aims solely to prepare you and others for the requested conference call. This e-mail does not state an NRC staff position, nor does it formally request for information.**
