SUBJECT: SUPPORT FOR PATRAM 2004

Dear Prof. Dr. Droste:

I am responding to your letter of July 8, 2003, in which you requested support from the U.S. Nuclear Regulatory Commission for the International Symposium on the Packaging and Transportation of Radioactive Materials (PATRAM) to be held in Berlin, Germany, from September 20-24, 2004.

We are pleased to offer our assistance in the PATRAM technical program, through preparation and presentation of papers, and in the PATRAM organization, through participation in the paper review and selection process, etc. However, we are unable to offer any financial sponsorship.

We believe that this symposium will provide a most timely forum for information exchange on shipment experiences, technical developments, and regulatory matters that will contribute to continued safety in international radioactive material commerce. We look forward to work with you, and to a successful PATRAM 2004.

Sincerely,

/RA/
E. William Brach, Director
Spent Fuel Project Office
Office of Nuclear Material Safety
