Subject: PT. BEACH FOIA

Jesse,

I don't know if you're in today, so I'm cc'ing this to other Safeguards people too.

Late yesterday, my DD (Zwolinski) signed out the Pt. Beach FOIA. I assured him that the current procedure is to hold FOIAs until we received guidance from DOJ. He saw no good reason for a member of the public to be asking questions about the Pt. Beach security card readers. And he thinks that we should not answer this FOIA. And, furthermore, he thinks we should forward the incoming to the FBI, in light of the current heightened security.

I didn't know if Safeguards people would physically forward this to the FBI or our FOIA people would do it. But, I thought that you folks should at least be informed of my DD's instructions.

The FOIA came from a DC lawfirm, so we can't tell who is really asking the question. My SC (Bill Reckley) had the FOIA as of yesterday p.m. and Ginny Tharpe is my FOIA contact in NRR. I will be on AL until next Wednesday, so I just wanted to ensure Safeguards people were aware of this before I left.

Beth
