Subject: Fwd: Sensitive Info Team

Mike,

Representatives from the different offices (NRR, NMSS, RES, OEDO) met today to try and come up with more detailed criteria for determining sensitive information. I have forwarded you the revised draft criteria for your information.

Also, Mindy gave us a status of the Commission's voting on the original criteria. They have received 3 votes so far....1 negative and 2 approvals subject to comments. If you are interested, I have a copy of the comments.

Margie
