As per Fran "SGAP can proceed to the next step (posting to nrcweb:300 and testing)" - the files are as follows:

/reactors/operating/ops-experience/steam-generator-tube.html
/reactors/operating/ops-experience/steam-generator-tube.html
reactors/operating/ops-experience/sgap/related-docs.html
/reactors/operating/ops-experience/sgap/sgap-files/ -

Please let me know when these files get posted to the external site.

Thanks
Sally Jewell
