Subject: Fwd: PDF File of NUREG/CR-6500, Rev. 2

Bill - As we discussed this am, here is an electronic file for the NUREG we want to publish and which needs your security clearance.

Thanks for taking care of this matter. As I understand the process, you will review the document within the next day or two and, if OK for security clearance, send an email to Walter Oliu stating that there are no security issues and the document may be published.

Ron
