Subject: Withdrawal of Proposed License Amendment Request to
Revise the Frequency of Technical Specification Surveillance
Requirement (SR) 3.7.6.1 for Turbine Bypass Valve Cycling

Detroit Edison proposed to amend the Fermi 2 Technical Specifications (TS) revising the frequency of Surveillance Requirement (SR) 3.7.6.1 for verification of one complete cycle of each turbine bypass valve in Reference 2. Following discussions with members of your staff on August 5, 2003, Detroit Edison has decided to withdraw our request for this amendment.

Should you have any questions or require additional information, please contact Mr. Norman K. Peterson of my staff at (734) 586-4258.

Sincerely,
