Discussion:

On September 29, 2003, Florida Power and Light Company (FPL) announced that Mr. Gordy Johnston, who previously served as Director of Nuclear Oversight for the Mid-Atlantic Regional Operating Group at Exelon, has been named Plant General Manager at St. Lucie Nuclear Plant, effective immediately. Mr. Johnston replaced Mr. Dick Rose who retired from his position as the Plant General Manager at St. Lucie. FPL also announced additional management changes as result of an organizational realignment at St. Lucie.
