Docket No. 50-440

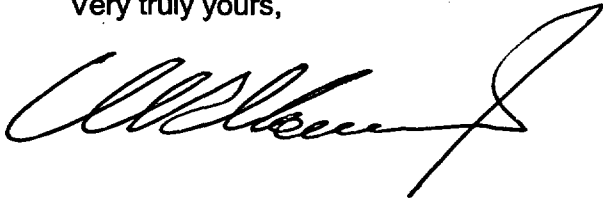

Subject: Withdrawal of Relief Request VR-12

Ladies and Gentlemen:

By letter dated June 24, 2002 (Letter Number PY-CEI/NRR-2646L), the Perry Nuclear Power Plant (PNPP) staff submitted an In-Service Testing Program Relief Request, VR-12, to the Nuclear Regulatory Commission for review. VR-12 requested alternate testing for the Emergency Service Water Inflatable Seal Check Valves. The PNPP staff has re-evaluated the need for the relief request and has determined that the request is no longer desired. Therefore, PNPP hereby requests the withdrawal of Relief Request VR-12.
