**Place:** NRCWEB

Please repost the following Division 10 regulatory guides to the NRC public web site:

**1) RG 10.8, "Guide for the Preparation of Applications for Medical Use Programs"**

**2) RG 10.12, "Preparation of Petitions for Rulemaking Under 10 CFR 2.802 and Preparation and Submission of Proposals for Regulatory Guidance Documents"**

The above documents have been reviewed based on information in COMSECY-01-0030 (January 25, 2002) which provides the latest Commission guidance to the staff on development of criteria for release of information to the public. Based on this sensitivity review, it has been determined that the contents of RGs 10.8 and 10.12 do not contain information that could provide a clear and significant benefit to a terrorist in a potential attack. The result of the review has been approved by Cheryl Trottier [C:RES/DSARE/RPERWMB], the cognizant RES Branch Chief.

Thanks,
