Subject: Approval to Repost Specific Division 4 Regulatory Guides
Place: NRCWEB

The following six regulatory guides are approved for **reposting**:

- 1) Reg Guide 4.2
- 2) Reg Guide 4.7
- 3) Reg Guide 4.14
- 4) Reg Guide 4.15
- 5) Reg Guide 4.16
- 6) Reg Guide 4.20

The above regulatory guides have been reviewed based on information in COMSECY-01-0030 (January 25, 2002) which provides Commission guidance to the staff on development of criteria for release of information to the public. Based on these sensitivity reviews, it has been determined that the above guides do not contain information that could provide a clear and significant benefit to a terrorist in a potential attack. The result of the review (attached) has been approved by Cheryl Trotter, the cognizant RES Branch Chief.

Thanks,
Gil Millman
RES Web Liaison

Subject: Re: Approval for posting Reg Guides on web

Staff has reviewed the following Division 4 reg guides using Commission guidance (dated January 25, 2002) to the staff for release of information to the public. Considering the Commission guidance, the content of these regulatory guides is benign and they contain no sensitive information that can be misused by those with malevolent intentions toward NRC-regulated facilities and activities.

Therefore I approve re-posting of these regulatory guides on the NRC website.

Reg Guide 4.2, S1 - 9/00
Reg Guide 4.7 - 4/98
Reg Guide 4.14 - 4/80
Reg Guide 4.15 - 2/79
Reg Guide 4.16 - 12/85
Reg Guide 4.20 - 12/96

DG-4006 - 8/98 - should not be posted as this is no longer a valid guide and we need to prepare a FR notice announcing its withdrawal.
