Nita, I applied the draft criteria to the documents in your email and do not see any reason to delete them.

 for reposting to the Web.

Carl:

Mindy Landau has agreed that the OCFO could review the following publications against the EDO's draft guidelines re. safeguards issues for reposting to the Web:

NRC's Performance and Accountability Report (NUREG-1542, Vol. 6)  
 Budget Estimates (NUREG-1100, Vol. 17)  
 Strategic Plan for Fiscal Years 2000 - 2005 (NUREG-1614)

We want to include as many Basic References as possible in Release 1 of the redesigned Web site. These three reports are among them.

Let me know.

Nita
