Rosetta,

The input comes from OCFO. I'll forward your message to my staff and Carl Dolinka in the OCFO to verify the inconsistency and decide on how to fix. Thanks for your eagle eye!

Walt -

While walking a financial consultant through the 2001 Info Digest, I discovered that the data on the web version of Appendix A of the Digest differs from that of the hard copy. See Net MDC for Beaver Valley 2, Braidwood1/2, etc; why is that?

Also, can you tell me who the contact is/provides the MDC info? Thanks much.
